ABOUT ME

A developer has the ability to construct a website from the ground up - from front-end to back-end, testing, responsive design, and SEO. I am highly passionate about web technologies, eager to learn to adapt to emerging trends and to deliver high-quality, reliable products. I work well both independently and as part of a team.

SKILLS & PROFICIENCIES

- **Programming skills:** Object-Oriented Programming, Object-Oriented Modelling, Functional Programming.
- **Languages:** HTML, CSS, JavaScript, TypeScript, C, C++, SQL.
- **Web tools:** React library, Next.js, Bootstrap 4, Node.js, Express.js, Mongoose, SQLite.
- Testing experience in Jest and Postman.
- Experience in CLI tools: Git, Bash.
- Experience in Cloud platform: Google Firebase, Vercel, MongoDB Atlas.

EDUCATIONAL BACKGROUND

Centria University of Applied Sciences
Bachelor's Degree in Information and Technology, Major in Software Engineering
2017
